3. What is the total estimated cost to host the RNC and who will be covering these costs?
4. With the City receiving National Special Security Event (NSSE) designation for the RNC, what does this mean from a funding standpoint and how will this funding process work?
5. Will the City have to front any costs?
 - a. If the City has to front any costs, what will be the funding source for these costs?
 - b. If the City has to front any costs, what is the timetable for the City being reimbursed and is there a risk that the City may not be reimbursed for all costs?
 - c. If the City does not have to front any of the costs, when will the funding be sent to the City and when will the City Council need to consider the appropriation of these dollars?
6. Is there a cap on the amount of funding that the RNC or other parties will put towards this event? If so, who is responsible for costs if the cap is exceeded?
7. Has the City expended any funds to date related to the RNC?
 - a. If so, how much?
 - b. If so, where have the funds been expended from?
8. If the City expends funds related to the RNC and the event is canceled, will the City be able to recover any of these costs? Please explain the basis for the answer.
9. How is the City going to be tracking costs related to hosting the event?
10. If the mandate for wearing masks is still in place, will the participants attending the RNC be required to wear masks?
